

PRODUCT DATA SHEET

EVERBUILD SALT AWAY®

REMOVES SALT AND UNSLIGHTLY WHITE EFFLORESCENCE FROM BRICKS, STONE AND CONCRETE

DESCRIPTION

Efflorescence is commonly caused by soluble salts within building materials, or dissolved salts transferred into building materials by water. At the surface of the building material the water containing these dissolved salts evaporates leaving behind unsightly white deposits. Left untreated efflorescence can cause corrosive damage to many building surfaces.

EVERBUILD SALT AWAY® is a non-Hydrochloric Acid based treatment for the removal of unsightly efflorescence from most common mineral surfaces including bricks, stone concrete and flag stones. Quick and easy to apply, EVERBUILD SALT AWAY® can be used on walls, driveways, floors and patio areas etc.

USES

- Removing efflorescence from most common mineral surface including brick, stone, render, pathways, patio areas etc.

PRODUCT INFORMATION

Packaging	1Ltr spray bottle & 5Ltr jerry can
Colour	Pale green
Shelf Life	24 months form date of manufacture.
Storage Conditions	Store in original containers in cool (5 - 25°C) dry conditions above 5°C. Do not allow to freeze.
Density	ca. 1.08g/cm ³ @ 20°C
pH-Value	1.0-3.0
Yield	Approx. 8-10m ² per litre depending on porosity of substrate.

CHARACTERISTICS / ADVANTAGES

- Biodegradable safe formula.
- Available in bottles or as a ready to use spray, no need to dilute
- Water clean up.
- Can be poured, sprayed or brushed on.

Odour _____ **Acrid** _____

APPLICATION INSTRUCTIONS

SUBSTRATE PREPARATION

Remove any loose surface dirt or debris with a stiff brush.

APPLICATION

Always test a small inconspicuous area prior to full application.
Dampen the surface to be treated with water. Spray or pour EVERBUILD SALT AWAY® onto the affected area ensuring complete coverage. Take care not to overspray EVERBUILD SALT AWAY® onto surrounding areas particularly lawns, plant beds or metal surfaces. Leave EVERBUILD SALT AWAY® for 5-10 minutes depending on levels of efflorescence. Wash down area with clean fresh water. Repeat application may be necessary for badly affected areas.
In order to help prevent further efflorescence re-appearing, walls can be treated using Everbuild 402 Waterseal or 408 Superseal, paths & patios with Block Guard or Path & Patio Seal.

LIMITATIONS

- Always test a small inconspicuous area prior to full application
- Do not use on artificially coloured stones/blocks or pavers.
- Wash off any overspray immediately with clean fresh water.
- It is the user's responsibility to determine suitability for use. If in doubt contact Technical Services for advice.

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

ECOLOGY HEALTH AND SAFETY

Consult MSDS for full list of hazards.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request. It may be necessary to adapt the above disclaimer to specific local laws and regulations. Any changes to this disclaimer may only be implemented with permission of Sika® Corporate Legal in Baar.
