

## PRODUCT DATA SHEET

# Sika® Thinner C

Sika® Thinner C is a solvent based thinner and cleaner

## DESCRIPTION

Sika® Thinner C is a solvent blend used in combination with epoxy or polyurethane based products and membranes.

## USES

Recommended applications include:

- Component of priming systems
- Modification of membrane viscosity
- Cleaning of application equipment
- Re-activation of over-exposed membranes

## CHARACTERISTICS / ADVANTAGES

- Pure solvent blend
- For use in Epoxy and Polyurethane products
- For use as a cleaning agent for tools and equipment
- For use as a cleaning agent after abrasion of old coatings

## PRODUCT INFORMATION

<b>Chemical Base</b>	Blend of organic solvents
<b>Packaging</b>	5 L
<b>Appearance / Colour</b>	Clear / colourless liquid
<b>Shelf Life</b>	12 months
<b>Storage Conditions</b>	Always store closed containers in cool, ventilated and dry location, away from heat and oxidizing agents. Do not store in direct sunlight or in temperatures below 5°C or above 35°C.
<b>Density</b>	ca. 0.86 g/cm <sup>3</sup>
<b>Flash Point</b>	ca. 24°C

## APPLICATION INSTRUCTIONS

### APPLICATION

Follow instructions for the product being thinned.  
Cleaning: take care as product is flammable. Apply using a clean cloth which should be disposed of in line with local regulations.

### BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

### LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

### ECOLOGY HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request. It may be necessary to adapt the above disclaimer to specific local laws and regulations. Any changes to this disclaimer may only be implemented with permission of Sika® Corporate Legal in Baar.
