

SYSTEM DATA SHEET

Sikafloor® DecoDur ES-26 Flake

Smooth, epoxy, low voc emission flooring system with a decorative full-flake broadcast

DESCRIPTION

Sikafloor® DecoDur ES-26 Flake is a smooth, coloured, epoxy flooring system with low VOC emissions. It has a decorative, full-flake broadcast surface flooring system and it is used for indoor applications.

USES

Sikafloor® DecoDur ES-26 Flake may only be used by experienced professionals.

Sikafloor® DecoDur ES-26 Flake is used in the following commercial and public buildings and areas:

- Schools and universities
- Healthcare facilities and hospitals
- Shopping malls and museums

Please note:

- The System may only be used by experienced professionals.
- The System may only be used for interior applications.

CHARACTERISTICS / ADVANTAGES

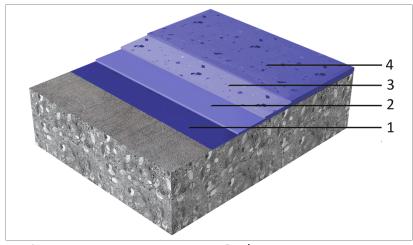

- Good resistance to abrasion
- Decorative design
- Good mechanical resistance
- Low Airborne Molecular Contaminants (AMC) emissions
- Low VOC emissions
- Low VOC content
- Seamless and hygienic

APPROVALS / STANDARDS

 Fire Classification Report EN 13501-1, Ghent, No. CR 22-0344-01

System Structure

Sikafloor® DecoDur ES-26 Flake

	Layer	Product
1.	Primer	Sikafloor®-150
		Sikafloor®-151
		Sikafloor®-156
		Sikafloor®-161
		Sikafloor®-1590
		Contact Sika technical service for
		information on choosing the right
		primer for your project.
2.	Wearing layer	Sikafloor®-263 SL N
		Sikafloor®-264 N
		Filled up to 1:1 with Quartz sand
		(0.1-0.3 mm), colour approxim-
		ately matching the colour of the
		following Sika® PVA Colorflakes.
3.	Broadcast	Broadcast in excess with Sika®
		PVA Colorflakes 3 mm.
4.	Seal coat	Sikafloor®-169

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

FURTHER DOCUMENTS

Refer to the following method statements:

- Sika Method Statement Evaluation and preparation of surfaces for flooring systems
- Sika Method Statement Sikafloor® mixing and application

ECOLOGY HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
